

## **Ode to Today**

Today is a rainy day,  
It's full of dreary gloom.  
The typical crowd shuffles down the hall  
To class, their seeming doom.  
Heads down, eyes low,  
Straight path, walk slow,  
Indifferently to their rooms.

But today is a good day,  
The rain stays outside my door.  
I had a dream that was just like my life,  
Where I love and am adored.  
Keep walking, chin up,  
Smiling eyes, interrupt  
Friends who feel ignored.

Today is a great day,  
And any could be the last.  
We'd do well to remember it  
As we choose our daily path.  
Open mind, caring heart,  
Every moment a piece of art,  
And we've got a great day to catch.
